

Professor Name

Takumi Miyoshi

Laboratory name

Multimedia Information Network Laboratory

Laboratory Website

<https://www.shibaura-it.ac.jp/en/research/laboratory/00155.html>

Keyword

Internet, P2P, Geo-Location Information, Android Application

Tasks in the laboratory

In my laboratory, we have developed smartphone application to realize geo-location-based communication. The application is equipped with peer-to-peer overlay networking among neighbor terminals. Applicants should first understand the current system and then consider and implement new mechanisms by modifying the application. To consider user-friendly application design is also welcome.

Program period

More than 2 months

Required skills

- Knowledge of computer communication such as TCP, UDP, IP, Wi-Fi, Ethernet.
- Knowledge of programming language to develop iOS/Android application.
- Strong motivation to study latest communication technology.

Desired skills (Preferred skills)

None

Eligibility-school year

- Bachelor 3rd
- Bachelor 4th or higher
- Master 1st
- Master 2nd
- PhD 1st
- PhD 2nd
- PhD 3rd

Eligibility-student's major/fields

- Mechanical
- Chemistry
- Material
- Electrical
- Electronic
- Computer Science
- Lifescience
- Mathematical
- Civil Engineering
- Architecture
- Engineering and design
- Other
